

STOP THE BLEED

TWO RAPID-ACCESS KIT OPTIONS

For serious bleeding response at work, in vehicles and higher-risk settings.

When a serious injury happens, quick access matters. These KT Services kits focus on major bleeding control and are designed to keep key supplies ready until professional help arrives.

SOFT BAG | Rapid access in the field

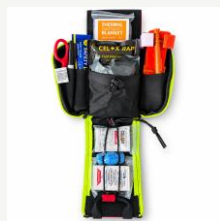

HARDCASE | Ready for a fixed site or vehicle

STOP THE BLEED KIT | SOFT BAG

\$368.50 incl. GST

A compact, weather-resistant Elite EB02.031 bag with multiple carry options. Wear it for immediate access, then open it out to reach the contents.

IN THE KIT

- **CAT tourniquet**
Unpacked and staged for rapid access.
- **Celox Rapid Z-fold gauze**
Haemostatic gauze for wound packing.
- **Celox 2 g sachets**
Haemostatic granules.
- **Trauma bandages**
Dressings for trauma wounds.
- **Shears**
For cutting clothing to access an injury.
- **Green Cyalume glow stick**
A light source for low-visibility settings.

STOP THE BLEED | HARDCASE

\$380.09 incl. GST

A bright orange, wall-mountable case that is easy to identify and remove from its bracket when it needs to go to an incident.

IN THE KIT

- **CAT tourniquet**
Unpacked and staged for rapid access.
- **Celox Rapid Z-fold gauze**
Haemostatic gauze for wound packing.
- **Celox 2 g sachets**
Haemostatic granules.
- **15 cm + T3 trauma bandages**
Two trauma dressing options.
- **Shears**
For cutting clothing to access an injury.
- **Cohesive bandage**
For securing dressings in place.
